Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Friday 20 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry today with some occasional bright or sunny spells.

Today:
A largely cloudy day but remaining dry for most across the region with some isolated showers possible. Equally, some bright or sunny spells are also likely at times. Similar temperatures to recently. Maximum temperature 22 deg C (72 deg F).

Tonight:
A dry start to the night, though increasingly cloudy. Turning wetter through the early hours with rain arriving. Winds will remain light throughout, and it will remain mild. Minimum temperature 14 deg C (57 deg F).

Saturday:
A band of rain will move eastward across the region through the day, bringing heavy and persistent rain easing into the afternoon, with heavy possibly thundery, following later. Maximum temperature 20 deg C (68 deg F).

Outlook for Sunday to Tuesday:
Drier conditions through Sunday, with sunshine and scattered showers. Becoming much more settled into the start of next week, with dry conditions and sunny spells. Feeling warm in any sunshine.
